KIT'S CORNER

{ Warm and cozy products for the "not so big" pup }

1

1. Who says dogs shouldn't sleep on the furniture? Not Kit! A Sure Fit Pet Throw will keep everyone happy. The one-piece quilted cover replaces those raggedy towels with a cozy and attractive alternative. surefit.net

2. After a long day at the office and the dog park, Kit likes nothing better than to snuggle into her Puppy Hugger Cloud 9 Bubbles Blanket. The pup-friendly microfiber blanket not only holds up in the laundry, it also brightens the room. puppyhugger.com

3. Drifting off to dreamland on the Zenpawz Aromatherapy Buckwheat Bed, Kit's pal Lenny relaxes in its clean and comforting scents of lavender, peppermint and chamomile. Even better, the bed is covered in a washable eco-friendly fabric, and the 100 percent buckwheat-hull filling gives him comfort and support. zenpawz.com

4/5. Kit loves to play outside, but when the cold wind blows and temperatures are low, her nose and paws get a little dry. Luckily, there are remedies: Natural Dog Company's Snout Soother Nose Balm and Opie & Dixie's Healing Paw Balm. naturaldogcompany.com

6. A practical gal, Kit also appreciates a spot of color, especially when it helps keep her neck warm and her sleek coat smooth. This totally washable Spindrift Silver Strength Cozy Collar, lined with soft fleece and with a sturdy and stylish aluminum buckle, fills the bill. spindriftdog.com

7. Kit's sister, Holly, is a sensitive soul. To reduce her anxiety, we put a Thundershirt on her. Its gentle pressure on her torso calms her down and keeps her warm too. (Holly's camera-shy, so we have a stand-in.) thundershirt.com
